

3.4. Knowledge capture

This action is intended to encourage renowned foreign professors and researchers to collaborate with the *ceiA3* research groups by participating in master's programmes, giving lectures, and holding meetings with research groups engaged in similar research lines. This action also opens the possibility for future collaboration with foreign research groups.

Under the *ceiA3* policy of promoting international excellence in teaching and research, 15 grants are being offered for stays of 3 months in duration to professors and scholars of recognized standing who wish to collaborate with the *ceiA3* research groups.

The gross amount of each contract is €4,000 euros per month. Each contract will have a duration of 3 months and include medical insurance. Candidates will also be paid a maximum of €2,000 per contract to cover travel expenses to and from their country of origin.

Stays must be made from September 1, 2011 to January 1, 2012.
